

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dahai Huang  
DOCKET NO.: 20-35189.001-R-1  
PARCEL NO.: 06-27-110-012-0000

The parties of record before the Property Tax Appeal Board are Dahai Huang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,592  
**IMPR.:** \$12,026  
**TOTAL:** \$15,618

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,510 square feet of living area. The dwelling is approximately 31 years old. Features of the property include a crawl space foundation, central air conditioning, one fireplace and a two-car garage. The property has a 6,248 square foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-95 dwellings of masonry exterior construction ranging in size from 1,185 to 1,291 square feet of living area and in age from 36 to 46 years old. Each comparable has a

concrete slab foundation, central air conditioning and a one-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$8,583 to \$9,637 or from \$7.24 to \$7.50 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$11,144 or \$7.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,618. The subject property has an improvement assessment of \$12,026 or \$7.96 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. Three comparables are located in the same block as the subject. The comparables are improved with two-story class 2-95 dwellings of frame exterior construction ranging in size from 1,366 to 1,636 square feet of living area and are either 30 or 31 years old. One comparable has an unfinished full basement and three comparables have either a concrete slab or crawl space foundation. Two comparables each have central air conditioning, three comparables each have one fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$11,634 to \$14,330 or from \$8.44 to \$9.41 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #4 due to their smaller dwelling sizes, older ages and/or basement foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3 which are most similar to the subject in age, dwelling size and features as well as being located on the same block as the subject. These comparables have improvement assessments ranging from \$11,634 to \$14,330 or from \$8.44 to \$8.76 per square foot of living area. The subject's improvement assessment of \$12,026 or \$7.96 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
