

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Queenie Wright
DOCKET NO.: 20-35196.001-R-1
PARCEL NO.: 31-14-201-026-0000

The parties of record before the Property Tax Appeal Board are Queenie Wright, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,000
IMPR.: \$16,635
TOTAL: \$22,635

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,387 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 3-car garage. The property has a 15,000 square foot site and is located in Olympia Fields, Rich Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-04 homes of masonry exterior construction ranging in size from 2,641 to 2,896 square feet of living area. The dwellings are 27 or 35 years old. Each

home has a basement, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$16,805 to \$17,933 or from \$5.91 to \$6.79 per square foot of living area.

The appellant submitted a final decision of the board of review indicating the subject's total assessment is \$22,635. The appellant reported the subject has a land assessment of \$6,000 and an improvement assessment of \$16,635 or \$6.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,086.

The board of review submitted its "Board of Review Notes on Appeal" reporting a total assessment for the subject of \$27,469, which differs from the board of review decision presented by the appellant. In support of its contention of the correct assessment the board of review submitted information on one equity comparable located in Olympia Fields. The comparable is improved with a 1-story, class 2-04 home of masonry exterior construction with 2,703 square feet of living area. The home is approximately 12 years old and features a basement, central air conditioning, a fireplace, and a 3-car garage. This comparable has an improvement assessment of \$22,237 or \$8.23 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of four equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable, which is less similar to the subject in age than the other comparables in this record. The Board finds the best evidence of assessment equity to be the appellant's comparables, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$16,805 to \$17,933 or from \$5.91 to \$6.79 per square foot of living area. The subject's improvement assessment of \$16,635 or \$6.97 per square foot of living area falls below the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
