

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings LLC  
DOCKET NO.: 20-35200.001-R-1  
PARCEL NO.: 31-03-201-095-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,039  
**IMPR.:** \$3,133  
**TOTAL:** \$4,172

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 1,136 square feet of living area. The dwelling is approximately 47 years old. Features of the home include a concrete slab foundation and central air conditioning. The property has a 1,260 square foot site and is located in Country Club Hills, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-95 homes of frame exterior construction ranging in size from 1,183 to 1,212 square feet of living area. The dwellings range in age from 46 to 48 years

old. Each home has a concrete slab foundation and central air conditioning. The comparables have improvement assessments ranging from \$2,739 to \$2,925 or from \$2.32 to \$2.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$3,119.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$4,562. The subject property has an improvement assessment of \$3,523 or \$2.68 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-95 homes of frame or frame and masonry exterior construction ranging in size from 1,303 to 1,320 square feet of living area. The dwellings range in age from 43 to 50 years old. Two homes each have a basement, one of which has finished area, and two homes each have a concrete slab foundation. Two homes have central air conditioning and two homes each have a 1-car garage. The comparables have improvement assessments ranging from \$3,775 to \$5,211 or from \$2.86 to \$4.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables, due to substantial differences from the subject in foundation type, central air conditioning amenity, and/or garage amenity. The Board gives less weight to the appellant's comparables #1 and #2, which are substantially smaller homes than the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments of \$2,901 and \$2,925 or \$2.39 and \$2.41 per square foot of living area, respectively. The subject's improvement assessment of \$3,523 or \$2.68 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive after considering appropriate adjustments to the best comparables for differences from the subject. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
