

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seth Kramer
DOCKET NO.: 20-35224.001-R-1
PARCEL NO.: 10-23-131-023-0000

The parties of record before the Property Tax Appeal Board are Seth Kramer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,225
IMPR.: \$19,552
TOTAL: \$24,777

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,402 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a concrete slab foundation and central air conditioning. The property has a 5,500 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,491 to 1,768 square feet of living area. The homes range in age from 63 to 69 years old. Each

comparable has a concrete slab foundation, central air conditioning, and either a 1-car or a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$19,179 to \$22,344 or from \$12.34 to \$12.93 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,777. The subject property has an improvement assessment of \$19,552 or \$13.95 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 1.5-story, class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,216 to 1,330 square feet of living area. The homes range in age from 66 to 69 years old. Each comparable has an unfinished basement and central air conditioning. Three comparables each have central air conditioning, one comparable has one fireplace, and one comparable has a 1-car garage. The comparables have improvement assessments ranging from \$21,094 to \$25,328 or from \$15.98 to \$20.83 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds each of the comparables in this record presents various differences from the subject, including, but not limited to dwelling size, foundation type, and/or garage amenity. Nevertheless, the Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are most similar to the subject in age and dwelling size with varying degrees of similarity in other features. These three comparables have improvement assessments ranging from \$21,094 to \$25,328 or from \$15.98 to \$20.83 per square foot of living area. The subject's improvement assessment of \$19,552 or \$13.95 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to differences in dwelling size and/or garage amenity when compared to the subject. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
