

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Keur
DOCKET NO.: 20-35229.001-R-1
PARCEL NO.: 10-19-123-004-0000

The parties of record before the Property Tax Appeal Board are Michael Keur, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,921
IMPR.: \$17,578
TOTAL: \$23,499

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,062 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 6,233 square foot site and is located in Niles, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,131 to 1,166 square feet of living area. The homes are either 63 or 64 years old. Each comparable has a

basement with finished area, central air conditioning, and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$17,517 to \$18,049 or from \$15.48 to \$15.53 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated May 10, 2021 which disclosed the subject has a total assessment of \$23,499. The total assessment reflects a land assessment of \$5,921 and an improvement assessment of \$17,578 or \$16.55 per square foot of living area, per the appellant's petition.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. Nevertheless, in support of its contention of the correct assessment, the board of review submitted information on three comparables with the same neighborhood code and located on the same block as the subject. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,008 to 1,232 square feet of living area. The homes are each 61 years old. The comparables each have a basement, one of which has finished area; central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$21,541 to \$24,496 or from \$19.55 to \$23.15 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparable #3 which are more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$17,517 to \$21,541 or from \$15.48 to \$21.37 per square foot of living area. The subject's improvement assessment of \$17,578 or \$16.55 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the two remaining comparables due to differences in dwelling size or basement finish when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
