

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arkadiy Starobin
DOCKET NO.: 20-35238.001-R-1
PARCEL NO.: 10-33-110-028-0000

The parties of record before the Property Tax Appeal Board are Arkadiy Starobin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,472
IMPR.: \$37,360
TOTAL: \$42,832

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of masonry exterior construction with 3,120 square feet of living area. The dwelling is approximately 52 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 5,472 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,066 to 3,662 square feet of living area. The homes range in

age from 50 to 53 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$33,493 to \$38,372 or from \$10.48 to \$10.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated May 10, 2021 which disclosed the subject has a total assessment of \$42,832. The total assessment reflects a land assessment of \$5,472 and an improvement assessment of \$37,360 or \$11.97 per square foot of living area, per the appellant's petition.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the same neighborhood code and on the same block as the subject. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 3,225 to 3,474 square feet of living area. The homes are either 51 or 52 years old. Each comparable has a basement, one of which has finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$45,649 to \$48,728 or from \$13.89 to \$14.15 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables to the Board for consideration. The Board finds the best evidence of the appellant's comparables #2, #3, and #4 as well as the board of review comparables #1 and #3 which are more similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments ranging from \$33,493 to \$46,548 or from \$10.90 to \$14.15 per square foot of living area. The subject's improvement assessment of \$37,360 or \$11.97 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
