

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dov Pinchot  
DOCKET NO.: 20-35244.001-R-1  
PARCEL NO.: 10-14-303-085-0000

The parties of record before the Property Tax Appeal Board are Dov Pinchot, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,914  
**IMPR.:** \$45,026  
**TOTAL:** \$51,940

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 2,721 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a basement with finished area, central air conditioning, and a 1.5-car garage. The property has a 7,278 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,754 to 3,597 square feet of living area. The homes range in age from 41 to 61 years old.

Each comparable has a basement with one having finished area, central air conditioning, and either a 2-car or a 2.5-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$42,819 to \$52,873 or from \$14.62 to \$15.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated May 10, 2021 which disclosed the subject has a total assessment of \$51,940. The total assessment reflects a land assessment of \$6,914 and an improvement assessment of \$45,026 or \$16.55 per square foot of living area, per the appellant's petition.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a different total assessment for the subject than the final decision provided by the appellant. In support of its contention of the correct assessment, the board of review submitted information on two equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction with either 2,725 or 3,084 square feet of living area. The homes are either 42 or 44 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments of \$55,350 and \$57,233 or \$18.56 and \$20.31 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested equity comparables to the Board for consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #2 which are most similar to the subject in dwelling size with varying degrees of similarity in age and other features. These two comparables have improvement assessments of \$42,819 and \$55,350 or \$15.55 and \$20.31 per square foot of living area, respectively. The subject's improvement assessment of \$45,026 or \$16.55 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
