

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kantilal Patel  
DOCKET NO.: 20-35246.001-R-1  
PARCEL NO.: 10-15-217-023-0000

The parties of record before the Property Tax Appeal Board are Kantilal Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,809  
**IMPR.:** \$41,033  
**TOTAL:** \$46,842

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 3,248 square feet of living area. The dwelling is approximately 62 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 7,042 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,099 to 3,724 square feet of living area. The homes range in age from 47

to 62 years old. Each comparable has a basement with two of these having finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$36,284 to \$43,287 or from \$11.22 to \$12.07 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,842. The subject property has an improvement assessment of \$41,033 or \$12.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,547 to 3,058 square feet of living area. The homes range in age from 59 to 62 years old. Two comparables each have a basement, one of which has finished area, and two comparables each have a concrete slab foundation. Each comparable has central air conditioning. One comparable has one fireplace and a 2.5-car garage. The comparables have improvement assessments that range from \$35,013 to \$39,473 or from \$12.65 to \$14.22 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables to the Board for consideration. The Board finds the best evidence of the appellant's comparables #2, #3, and #4 as well as the board of review comparable #1 which are more similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments ranging from \$36,284 to \$43,287 or from \$11.71 to \$12.91 per square foot of living area. The subject's improvement assessment of \$41,033 or \$12.63 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in dwelling size when compared to the subject as well as each comparable presenting other differences from the subject, including but not limited to age, foundation type, basement finish, and/or garage amenity. Based on this record and after considering adjustments to the best comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
