

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sung Hee Hong
DOCKET NO.: 20-35263.001-R-1
PARCEL NO.: 04-29-409-007-0000

The parties of record before the Property Tax Appeal Board are Sung Hee Hong, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,750
IMPR.: \$33,428
TOTAL: \$45,178

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 2,274 square feet of living area. The dwelling is approximately 47 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,000 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story, class 2-04 dwellings of masonry exterior construction ranging in size from 2,404 to 2,518 square feet of living area. The comparables range in age from 30 to 47 years

old. Each comparable has an unfinished basement, central air conditioning, and a 2-car garage. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$30,373 to \$35,379 or from \$12.63 to \$14.29 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,656. The subject property has an improvement assessment of \$34,906 or \$15.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 1-story, class 2-04 dwellings of frame or frame and masonry exterior construction with each having 2,232 square feet of living area. The homes range in age from 44 to 49 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$24,511 to \$32,944 or from \$10.98 to \$14.76 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 as well as the board of review comparables which are more similar to the subject in location, design, foundation, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$24,511 to \$35,379 or from \$10.98 to \$14.76 per square foot of living area. The subject's improvement assessment of \$34,906 or \$15.35 per square foot of living area falls within the range established by the best comparables in this record on overall improvement assessment basis but above on a per square foot basis. However, the subject's higher per square foot improvement assessment is excessive considering its slightly larger dwelling size in relation to board of review comparable #3 which sets the upper end of the per square foot range of most similar comparables. The Board gives less weight to the appellant's comparables #2 and #3 due to differences in age when compared to the subject. Therefore, based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
