

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kasimir Kober
DOCKET NO.: 20-35284.001-R-1
PARCEL NO.: 04-34-111-005-0000

The parties of record before the Property Tax Appeal Board are Kasimir Kober, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,122
IMPR.: \$75,907
TOTAL: \$88,029

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,498 square feet of living area. The dwelling is approximately 19 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,102 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that are located within the same neighborhood code as the subject. The comparables have sites ranging in size from 3,992 to 8,699 square feet of land area. The parcels are each improved with class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 3,201 to 3,773 square feet of

living area. The homes are either 15 or 21 years old. The comparables each have an unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The comparables sold from March 2018 to February 2020 for prices ranging from \$700,000 to \$860,000 or from \$208.89 to \$227.94 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$77,182. The requested assessment would reflect a total market value of \$771,820 or \$220.65 per square foot of living area, land included, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,029. The subject's assessment reflects a market value of \$880,290 or \$251.66 per square foot of living area, land included, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject. The comparables have sites that range in size from 11,247 to 13,418 per square foot of land area. The parcels are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction with each having 3,728 square feet of living area. The homes are each 19 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one fireplace, and either a 2-car or a 3-car garage. The comparables sold in either May 2017 or October 2020 for prices ranging from \$1,147,500 to \$1,275,000 or from \$307.81 to \$342.01 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board finds the best evidence of market value to be the appellant's comparables #1, #3, and #4 as well as board of review comparable #2 which are overall more similar to the subject in location, age, dwelling size, and most features. These four comparables sold proximate to the subject's assessment date for prices ranging from \$700,000 to \$1,275,000 or from \$208.89 to \$342.01 per square foot of living area, land included. The subject's assessment reflects a market value of \$880,290 or \$251.66 per square foot of living area, land included, which falls with the range established by the best comparables sales in this record. The Board gives less weight to the appellant's comparable #2 and board of review comparable #3 which sold in 2018 and 2017, respectively, less proximate in time to the subject's January 1, 2020 assessment date at issue than the other comparables in this record. The Board also gives less weight to board of review comparable #1 which has basement finish, unlike the subject. Based on the market value evidence in this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
