

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Van Meter
DOCKET NO.: 20-35315.001-R-1
PARCEL NO.: 04-24-309-022-0000

The parties of record before the Property Tax Appeal Board are Ann Van Meter, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,115
IMPR.: \$101,088
TOTAL: \$139,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction containing 6,318 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, three fireplaces, 3½ bathrooms, and an attached three-car garage. The property has a 54,450 square foot site located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four assessment equity comparables composed of class 2-09 properties of masonry exterior construction that range in size from 6,755 to 7,885 square feet of living area. The homes range in age from 22 to 30 years

old. Each property has a full basement with a formal recreation room, central air conditioning, two or three fireplaces, four or five full bathrooms, two or four half bathrooms, and an attached three-car or a four-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$102,991 to \$113,039 or from \$14.34 to \$15.46 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$94,580.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,203. The subject property has an improvement assessment of \$101,088 or \$16.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three assessment equity comparables composed of class 2-09 properties improved with two-story dwellings of masonry exterior construction that range in size from 5,301 to 6,202 square feet of living area.¹ The homes are either 10 or 12 years old. Each comparable has a full basement with a formal recreation room, central air conditioning, two or three fireplaces, four to seven full bathrooms, one or two half bathrooms, and either a three-car or a four-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$101,813 to \$104,814 or from \$16.42 to \$19.27 per square foot of living area. The board of review indicated comparable #3 has other improvements but provided no descriptive information about these improvements. The board of review contends the building assessed value per square foot for the comparables are the same or higher than the subject, which supports the correctness of the assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains information on seven equity comparables with the same classification code and neighborhood code as the subject to support their respective positions. The Board gives less weight to appellant's comparables #1, #2 and #4 due to differences from the subject dwelling in size. The Board gives less weight to board of review comparable #2 due to differences from the subject dwelling in size. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1 and #3. These comparables range in dwelling size from 6,210 to 6,755 square feet of living area and in age from 10 to 22 years old, bracketing the subject property in size and age. These properties had relatively similar features as the subject dwelling. The three comparables have improvement assessments that range from \$101,813 to \$104,814 or from \$15.25 to \$16.90 per square foot of living area. The subject's improvement assessment of \$101,088 or \$16.00 per square foot of living area falls

¹ Board of review comparable #2 and #4 are duplicates.

below the overall range but within the range on a square foot basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
