

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ravin Agarwal
DOCKET NO.: 20-35322.001-R-1
PARCEL NO.: 04-35-116-022-0000

The parties of record before the Property Tax Appeal Board are Ravin Agarwal, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,112
IMPR.: \$59,009
TOTAL: \$70,121

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction containing 2,725 square feet of living area. The dwelling is approximately 13 years old. Features of the property include a full basement with a formal recreation room, central air conditioning, one fireplace, 3½ bathrooms, and a detached two-car garage. The property has an 8,548 square foot site located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-78 properties of masonry or frame and masonry exterior construction that range in size from 2,841 to 3,628 square feet of living area. The homes range

in age from 12 to 15 years old. Each comparable has a full basement with two having finished area, central air conditioning, one or two fireplaces, two or three full bathrooms, one or two half-bathrooms, and an attached two-car garage. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$59,395 to \$76,301 or from \$19.86 to \$21.03 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$55,999.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,121. The subject property has an improvement assessment of \$59,009 or \$21.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry or frame exterior construction that range in size from 2,730 to 3,410 square feet of living area. The homes range in age from 1 to 16 years old. Each property has a full basement with a formal recreation room, central air conditioning, one or two fireplaces, 3½ or 4½ bathrooms, and a two-car garage. These properties have the same classification code and neighborhood code as the subject property. Their improvement assessments range from \$60,189 to \$115,791 or from \$21.76 to \$33.96 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight assessment equity comparables with the same classification code and neighborhood code to support their respective positions. The Board gives less weight to appellant's comparables #1, #2 and #4 due to differences from the subject dwelling in size. The Board gives less weight to board of review comparable #3 due to differences from the subject dwelling in age and size. The Board gives less weight to board of review comparable #4 due to differences from the subject dwelling in age. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1 and #2, which are most similar to the subject dwelling in age, size and features. These comparables have improvement assessments that range from \$59,395 to \$64,622 or from \$20.91 to \$22.05 per square foot of living area. The subject's improvement assessment of \$59,009 or \$21.65 per square foot of living area falls below the overall range but within the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
