

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dorota Wojslaw
DOCKET NO.: 20-35348.001-R-1
PARCEL NO.: 04-33-103-010-0000

The parties of record before the Property Tax Appeal Board are Dorota Wojslaw, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,918
IMPR.: \$38,628
TOTAL: \$48,546

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,330 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 2-car garage. The property has an 8,625 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code. The comparables are class 2-78 properties improved with dwellings of frame and masonry exterior construction ranging in size from 2,294 to 3,500 square feet of living area. The dwellings are 31 to 59 years old and have

partial unfinished basements. Each comparable has central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$24,823 to \$40,831 or from \$10.29 to \$11.67 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,412. The subject property has an improvement assessment of \$42,494 or \$12.76 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of frame and masonry exterior construction ranging in size from 2,639 to 2,816 square feet of living area. The dwellings are 44 to 61 years old. Three homes have full basements, two of which have finished area. One comparable has a crawl space foundation. Three comparables have central air conditioning. Two comparables each have one or three fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$36,271 to \$43,346 or from \$13.08 to \$15.39 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 and #3 as well as the board of review comparables due to significant differences in dwelling size or age when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 which overall are more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments of \$33,389 and \$37,538 or \$10.29 and \$11.67 per square foot of living area. The subject's improvement assessment of \$42,494 or \$12.76 per square foot of living area is higher than the two best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject the Board finds the subject's improvement assessment is excessive. Based on this evidence, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
