

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dane Cleven
DOCKET NO.: 20-35573.001-R-1
PARCEL NO.: 04-20-304-015-0000

The parties of record before the Property Tax Appeal Board are Dane Cleven, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,800
IMPR.: \$50,866
TOTAL: \$64,666

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry construction containing 3,550 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, 2 ½ bathrooms, and an attached two-car garage. The property has a 12,000 square foot site located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-78 properties of masonry exterior construction that range in size from 3,280 to 3,609 square feet of living area. The homes range in age from 36 to 41 years old. Each comparable has a full unfinished basement, central air conditioning, one or two

fireplaces, 2½ bathrooms, and an attached or detached two-car garage. The comparables have the same neighborhood code as the subject property. Their improvement assessments range from \$44,494 to \$50,057 or from \$13.37 to \$13.87 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$48,351.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,666. The subject property has an improvement assessment of \$50,866 or \$14.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties improved with two-story dwellings of masonry exterior construction that range in size from 3,326 to 3,677 square feet of living area. Each dwelling is 36 years old. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace, 2½ bathrooms, and a two-car or a three-car garage. These properties have the same assessment neighborhood code as the subject and are located in the same block or approximately ¼ mile from the subject property. Their improvement assessments range from \$49,727 to \$55,557 or from \$14.46 to \$15.79 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight assessment equity comparables that have the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are relatively similar to the subject in location, age, style, size and most features. Their improvement assessments range from \$44,494 to \$55,557 or from \$13.37 to \$15.79 per square foot of living area. The subject's improvement assessment of \$50,866 or \$14.33 per square foot of living area falls within the range established by the comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels, all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
