

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carey Hidaka  
DOCKET NO.: 20-35608.001-R-1  
PARCEL NO.: 04-36-302-015-0000

The parties of record before the Property Tax Appeal Board are Carey Hidaka, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,520  
**IMPR.:** \$48,774  
**TOTAL:** \$60,294

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,418 square feet of living area. The dwelling is approximately 68 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 1-car garage. The property has an approximately 9,600 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 2,345 to 3,762 square feet of living area. The dwellings range in age from 73 to 92 years old. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and either a 1-car or a 2-car garage. The comparables have improvement assessments that range from

\$37,379 to \$72,934 or from \$15.10 to \$19.39 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,025 or \$17.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,294. The subject property has an improvement assessment of \$48,774 or \$20.17 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within ¼ of a mile or on the same block as the subject property. The comparables are improved with class 2-06, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,488 to 2,784 square feet of living area. The dwellings range in age from 69 to 89 years old. Each comparable has a basement, two with finished area, either one or two fireplaces and a 1.5-car, a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments that range from \$53,477 to \$60,131 or from \$20.18 to \$24.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 as well as board of review comparables #3 and #4 due to their dissimilar dwelling size and/or their finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 along with board of review comparables #1 and #2. The Board finds that these comparables are most similar to the subject in location, design, dwelling size and features. However, each comparable is older than the subject and one comparable lacks central air conditioning, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$37,379 to \$57,024 or from \$15.10 to \$21.34 per square foot of living area. The subject's improvement assessment of \$48,774 or \$20.17 per square foot of living area, falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
