

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lan Ma
DOCKET NO.: 20-35644.001-R-1
PARCEL NO.: 04-11-207-028-0000

The parties of record before the Property Tax Appeal Board are Lan Ma, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,476
IMPR.: \$51,986
TOTAL: \$60,462

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction containing 2,659 square feet of living area. The dwelling is approximately 12 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 8,073 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry exterior construction ranging in size from 2,806 to 3,792 square feet of living area. The dwellings range in age from 16 to 31 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$49,455 to

\$69,353 or from \$16.26 to \$18.29 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$45,708 or \$17.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,462. The subject property has an improvement assessment of \$51,986 or \$19.55 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and within a ¼ of a mile from the subject property. The comparables are improved with class 2-78, 2-story dwellings of either masonry or frame and masonry exterior construction ranging in size from 2,312 to 2,813 square feet of living area. The dwellings range in age from 4 to 16 years old. Each comparable has a basement, one with finished area, central air conditioning, and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$47,905 to \$56,597 or from \$19.84 to \$24.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4 as well as board of review comparables #1 and #2 due to their substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 along with board of review comparables #3 and #4. The Board finds that these three comparables are most similar to the subject in location, design, dwelling size, age and features. These three most similar comparables have improvement assessments ranging from \$49,455 to \$55,820 or from \$17.62 to \$20.70 per square foot of living area. The subject's improvement assessment of \$51,986 or \$19.55 per square foot of living area, falls within the range of the three best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
