

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Medintz
DOCKET NO.: 20-35656.001-R-1
PARCEL NO.: 04-20-105-021-0000

The parties of record before the Property Tax Appeal Board are Donna Medintz, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,627
IMPR.: \$43,309
TOTAL: \$49,936

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry exterior construction containing 2,463 square feet of living area. The dwelling is approximately 21 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace, 2 ½ bathrooms, and an attached two-car garage. The property has a 4,142 square foot site located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-95 townhouse or row house property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four assessment equity comparables composed of class 2-95 properties of frame and masonry exterior construction each with 1,872 square feet of living area. Each dwelling is 21 years old. Each

comparable has a partial unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and two-car attached garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$28,174 to \$29,729 or from \$15.05 and \$15.88 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$38,571.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,936. The subject property has an improvement assessment of \$43,309 or \$17.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-95 two-story dwellings of frame and masonry exterior construction that have either 2,432 or 2,481 square feet of living area. The comparables are either 21 or 22 years old with a partial unfinished basement, central air conditioning, one fireplace, 2½ bathrooms, and a two-car garage. These properties have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$43,747 to \$45,010 or from \$17.99 to \$18.14 per square foot of living area. The board of review contends these assessments support the correctness of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables as these properties are improved with class 2-95 dwellings more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of review comparables have improvement assessments that range from \$43,747 to \$45,010 or from \$17.99 to \$18.14 per square foot of living area. The subject's improvement assessment of \$43,309 or \$17.58 per square foot of living area falls below the range established by the best comparables in this record, demonstrating the subject property is not being inequitably assessed. Based on this record the Board finds the appellant did not establish with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
