

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ghunshyum Patel
DOCKET NO.: 20-35680.001-R-1
PARCEL NO.: 04-32-401-188-0000

The parties of record before the Property Tax Appeal Board are Ghunshyum Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,004
IMPR.: \$73,092
TOTAL: \$93,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,281 square feet of living area. The dwelling is approximately 14 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 3.5-car garage. The property has an approximately 26,672 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of frame and masonry exterior construction that range in size from 3,968 to 4,576 square feet of living area. The dwellings range in age from 10 to 19 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 3-car garage. The comparables have improvement assessments that range from \$63,346 to \$75,277

or from \$15.93 to \$16.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$69,267 or \$16.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,096. The subject property has an improvement assessment of \$73,092 or \$17.07 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject and within ¼ of a mile or on the same block as the subject property. The comparables are improved with class 2-08, 2-story dwellings of masonry exterior construction ranging in size from 3,910 to 4,479 square feet of living area. The dwellings are either 13 or 19 years old. Each comparable has an unfinished basement, central air conditioning, either one or two fireplaces and either a 2-car or 3-car garage. The comparables have improvement assessments that range from \$69,001 to \$81,171 or from \$17.38 to \$18.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be all of the comparables submitted by both parties. The Board finds that these comparables are similar to the subject in location, design, dwelling size, age and features. These most similar comparables have improvement assessments ranging from \$63,346 to \$81,171 or from \$15.93 to \$18.12 per square foot of living area. The subject's improvement assessment of \$73,092 or \$17.07 per square foot of living area, falls within range of the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
