

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Kensik
DOCKET NO.: 20-35858.001-R-1
PARCEL NO.: 13-13-222-030-0000

The parties of record before the Property Tax Appeal Board are Mary Kensik, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,000
IMPR.: \$64,666
TOTAL: \$73,666

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,657 square feet of living area. The dwelling is approximately 110 years old. Features of the property include an unfinished basement and central air conditioning. The property has a 3,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property¹, along with property characteristic printouts for the comparables. The comparables are improved with 2-story, class

¹ For ease of reference, the Board has identified the last comparable as #5.

2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,392 to 2,915 square feet of living area. The homes range from 53 to 110 years old. Based on the property printouts, four comparables each have a basement with finished area and one comparable has a concrete slab foundation. Four comparables each have central air conditioning and a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$38,320 to \$45,176 or from \$15.30 to \$16.27 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,666. The subject property has an improvement assessment of \$64,666 or \$24.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with 2-story class 2-06 dwellings of frame, masonry, or stucco exterior construction ranging in size from 2,388 to 2,566 square feet of living area. The homes range from 107 to 110 years old. The comparables each have a basement, two of which have finished area. Two comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$70,726 to \$80,005 or from \$28.46 to \$32.95 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments of \$70,726 and \$73,257 or \$29.62 and \$28.55 per square foot of living area, respectively. The subject's improvement assessment of \$64,666 or \$24.34 per square foot of living area falls below the two best comparables in this record. The Board gives less weight to the appellant's comparables as well as board of review comparables #2 and #3 which differ from the subject in age; have a garage, unlike the subject; and/or lacks a basement, a feature of the subject. Based on this record and after considering appropriate adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
