

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Akintayo Akinyemi Ivory Enterprises  
DOCKET NO.: 20-36584.001-R-1  
PARCEL NO.: 20-27-213-037-0000

The parties of record before the Property Tax Appeal Board are Akintayo Akinyemi Ivory Enterprises, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,875  
**IMPR.:** \$8,950  
**TOTAL:** \$12,825

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, multi-family dwelling of masonry construction with 2,452 square feet of living area. The dwelling is 108 years old. The property has a 3,100 square foot site located in Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on March 21, 2019, for a price of \$88,732, or \$36.19 per square foot of living area, including land. In further support of the overvaluation argument, the appellant submitted three comparable sales. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,825. The subject's assessment reflects a market value of \$128,250 or \$52.30 per square foot of living area, land included, when using the 2020 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

In written rebuttal, the appellant stated the board of review did not dispute the sale of the subject.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the sales submitted by both parties. These comparables are similar to the subject in location, style, construction, features, age, and land area. These properties sold proximate in time to the assessment date at issue. The comparables had sale prices that ranged from \$19.49 to \$171.93 per square foot of living area, including land. The subject's assessment reflects a market value of \$52.30, which is within the range established by the best comparable sales in this record. The Board gave little weight to the subject's recent sale due to the fact the appellant did not complete Section IV- Recent Sale Data of the Property Tax Appeal Board's appeal form. The appellant did not indicate whether the property was sold due to a foreclosure action or whether the property was sold using a contract for deed. As such, the Board is unable to determine whether the subject's recent sale price reflects its fair market value. Based on the record, the Board finds the appellant has not met the burden of proving by a preponderance of the evidence that the subject is overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
