

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jocelyn Brumbaugh & Craig Frommelt
DOCKET NO.: 20-36793.001-R-1
PARCEL NO.: 18-05-116-009-0000

The parties of record before the Property Tax Appeal Board are Jocelyn Brumbaugh & Craig Frommelt, the appellants, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,661
IMPR.: \$33,117
TOTAL: \$38,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,574 square feet of living area. The dwelling is approximately 81 years old. Features of the home include a concrete slab foundation, a fireplace, and a 1-car garage. The property has a 6,470 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, Class 2-05 homes of frame or masonry exterior construction ranging in size from 1,768 to 1,948 square feet of living area. The dwellings range

in age from 69 to 117 years old. Two homes have a basement, two homes have central air conditioning, and one home has a fireplace. Each home has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,371 to \$36,113 or from \$18.53 to \$18.88 per square foot of living area.

Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,778. The subject property has an improvement assessment of \$33,117 or \$21.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, Class 2-05 homes of frame or frame and masonry exterior construction ranging in size from 1,420 to 1,682 square feet of living area. The dwellings were built from 79 to 92 years old. Each home has a basement, one of which has finished area, a fireplace, and from a 1-car to a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$35,654 to \$53,385 or from \$21.82 to \$34.94 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1 and #3 and the board of review's comparables #1 and #2, due to substantial differences from the subject in dwelling size, basement finish, and/or central air conditioning amenity. The Board gives less weight to the board of review's comparable #4, which has an improvement assessment that is considerably higher than the other comparables in this record, suggesting this property is an outlier.

The Board finds the best evidence of assessment equity to be the appellants' comparable #2 and the board of review's comparable #3, which are more similar to the subject in dwelling size, age, location, and some features, although one home has a basement unlike the subject and one home is much older than the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments of \$33,371 and \$35,654 or \$18.87 and \$21.82 per square foot of living area, respectively. The subject's improvement assessment of \$33,117 or \$21.04 per square foot of living area falls below

the two best comparables terms of total improvement assessment and is bracketed by the best comparables on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
