

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Prop LLC
DOCKET NO.: 20-37466.001-R-1
PARCEL NO.: 28-36-222-012-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Prop LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,457
IMPR.: \$5,843
TOTAL: \$8,300

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame construction with 1,944 square feet of living area. The dwelling is 60 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a 1-car garage. The property has a 7,020 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in January 2019 for a price of \$83,000.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,348. The subject's assessment reflects a market value of \$93,480 or \$48.09 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located in Homewood. The comparables are improved with class 2-04 dwellings of frame, masonry or frame and masonry construction ranging in size from 1,896 to 2,362 square feet of living area. The dwellings range in age from 49 to 69 years old. Three comparables have partial basements, one of which has finished area, and one comparable has a slab foundation. Three comparables have central air conditioning and a fireplace, and each comparable has a 2-car garage. The comparables sold from January 2017 to September 2019 for prices ranging from \$115,000 to \$163,000 or from \$58.21 to \$85.21 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2019 for a price of \$83,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold by the owner and the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a copy of the Warranty Deed and a copy of the Settlement Statement, which revealed the amount of Real Estate Broker Commissions paid at closing. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave less weight to the board of review's comparables, due to their location in Homewood when compared to the subject. In addition, three comparables have dissimilar basement foundations when compared to the subject and two comparables have sale dates occurring greater than 22 months prior to the January 1, 2020 assessment date at issue. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
