

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: BMR PROP LLC- 213 Waltham St.
DOCKET NO.: 20-37467.001-R-1
PARCEL NO.: 30-17-311-010-0000

The parties of record before the Property Tax Appeal Board are BMR PROP LLC- 213 Waltham St., the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,638
IMPR.: \$5,152
TOTAL: \$6,790

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction containing 972 square feet of living area. The dwelling is approximately 93 years old. Features of the home include an unfinished basement and one fireplace. The property has an approximately 4,680 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted three equity comparables that are located in the same assessment neighborhood code as the subject and from .8 of a mile to 1 mile from the subject property. The comparables are improved with class 2-02, 1-story dwellings of frame exterior construction ranging in size from 840 to 969 square feet of living area. The dwellings range in age from 69 to 127 years old. Each comparable has an unfinished basement and a 2-car garage. One comparable has central air conditioning. The comparables have

improvement assessments that range from \$2,851 to \$3,301 or from \$3.00 to \$3.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$3,285 or \$3.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,790. The subject property has an improvement assessment of \$5,152 or \$5.30 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject and in the subarea as the subject property. The comparables are improved with class 2-02, 1-story dwellings of either frame or masonry exterior construction containing either 780 or 936 square feet of living area. The dwellings range in age from 49 to 105 years old. Two comparables each have an unfinished basement and one comparable has a crawl space foundation. Two comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$4,384 to \$6,952 or from \$5.62 to \$7.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #3 due to its feature of central air conditioning, an amenity the subject lacks. The Board has given less weight to board of review comparable #2 due to its dissimilar foundation style when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with the board of review comparables #1 and #3. The Board finds that these comparables are most similar to the subject in location, design and dwelling size as well as being relatively similar to the subject in age and in features. These comparables have improvement assessments ranging from \$2,851 to \$6,952 or from \$3.00 to \$7.43 per square foot of living area. The subject's improvement assessment of \$5,152 or \$5.30 per square foot of living area, falls within the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
