

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresa Fiorante
DOCKET NO.: 20-37990.001-R-1
PARCEL NO.: 09-29-100-072-0000

The parties of record before the Property Tax Appeal Board are Teresa Fiorante, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,293
IMPR.: \$39,816
TOTAL: \$47,109

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-family, two-story dwelling of masonry construction containing 3,847 square feet of living area. As of the instant lien date the subject was approximately 13 years old. The home has a full unfinished basement, air conditioning, and a two-car garage. The subject has an 8,580 square foot site and is in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on assessment equity, and Appellant submitted information on seven suggested comparable two-story dwellings. Three are masonry construction; four are frame-and-masonry. As of the lien date, Appellant's comparables ages range from 12 to 40 years old. Appellant's comparables range in size from 3,227 to 4,475 square feet of living area and improvement assessments from \$9.30 to \$10.56 per square foot of living area. Each comparable has the

same neighborhood code as the subject property, and they range in proximity from .07 miles to .51 miles from the subject.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$50,774 was disclosed. The subject has a total improvement assessment of \$43,481 or \$11.30 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings, with no evidence of the comparables' proximities disclosed. All four BOR comparables share the same neighborhood code as the subject. Three are masonry construction; one is frame-and-masonry. All have air conditioning. As of the lien date the BOR comparables range from 13 to 17 years old. The comparables range from 3,873 to 4,393 square feet of building area and have improvement assessments from \$11.38 to \$11.65 per square foot of building area.

Conclusions of Law

Appellant contends assessment inequity as the basis of the appeal.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the best evidence of assessment equity to be Appellant comparables 1, 5, and 6. These comparables are similar to the subject's improvement size. These Appellant comparables are within .23 miles of the subject. The BOR did not disclose the proximities of its proposed comparables.

These comparables have improvement assessments that range from \$9.79 to \$10.56 per square foot of living area. The subject's improvement assessment of \$11.30 per square foot of living area is above the range established by the best comparables in this record.

Based on this record, the Board finds Appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

The Board finds an adjusted assessment of \$47,109 to be fair and equitable.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
