

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ken Jager
DOCKET NO.: 20-38182.001-R-1
PARCEL NO.: 27-35-315-002-0000

The parties of record before the Property Tax Appeal Board are Ken Jager, the appellant, by attorney Jennifer Burke, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,455
IMPR.: \$28,490
TOTAL: \$32,945

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,757 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 3.5-car garage. The property has an 8,911 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from .7 of a mile to 1.6 miles from the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,725 to 3,187 square feet of living area. The comparables are 15 to 24 years old and have full unfinished basements. Each

comparable has central air conditioning, one fireplace and a 3.5-car garage. The comparables have improvement assessments ranging from \$24,055 to \$28,057 or from \$8.12 to \$8.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,945. The subject property has an improvement assessment of \$28,490 or \$10.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located on the same block and same street as the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,530 to 3,912 square feet of living area. The comparables are 13 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$29,633 to \$40,526 or from \$10.36 to \$11.72 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located less proximate to the subject than the comparables submitted by the board of review. In addition, appellant's comparables #2 and #3 are less similar to the subject in dwelling size and appellant's comparable #4 is less similar to the subject in age. The Board also gives less weight to board of review comparable #2 due to its significantly larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$29,633 to \$29,987 or from \$10.88 to \$11.72 per square foot of living area. The subject's improvement assessment of \$28,490 or \$10.33 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
