

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Victor & Linda Lownes
DOCKET NO.: 20-38184.001-R-1
PARCEL NO.: 27-29-204-020-0000

The parties of record before the Property Tax Appeal Board are Victor & Linda Lownes, the appellants, by attorney Kelly J. Keeling, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,014
IMPR.: \$33,157
TOTAL: \$41,171

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 3,100 square feet of living area.¹ The dwelling is approximately 19 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The property has a 12,330 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within the same assessment neighborhood code as the subject from .9 of a

mile to 3 miles from the subject property. The comparables are improved with class 2-04, 1-story dwellings of masonry exterior construction ranging in size from 3,131 to 3,194 square feet of living area. The comparables are 19 or 25 years old and have full unfinished basements. Each comparable has central air conditioning, one or two fireplaces and a 3-car garage. The comparables have improvement assessments ranging from \$27,333 to \$29,836 or from \$8.72 to \$9.53 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The appellant also submitted the board of review final decision for the subject property disclosing a total assessment of \$41,171. The appellants further disclosed the subject has an improvement assessment of \$33,157 or \$10.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" on a parcel that is not the subject property. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-04, 1-story dwellings of masonry exterior construction ranging in size from 2,363 to 3,155 square feet of living area. The comparables are 15 to 28 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and a 2-car, a 3-car, or a 4-car garage. The comparables have improvement assessments ranging from \$27,055 to \$38,822 or from \$11.30 to \$12.30 per square foot of living area.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellants' comparable #2 due to its distant location which is approximately 3 miles from the subject property. The Board gives less weight to board of review comparables #1, #2 and #3 due to their smaller dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be appellants' comparables #1 and #3 as well as board of review comparable #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$27,333 to \$38,822 or from \$8.72 to \$12.30 per square foot of living area. The subject's improvement assessment of \$33,157 or \$10.70 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subjects' improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
