

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher McCarthy
DOCKET NO.: 20-39068.001-R-1
PARCEL NO.: 04-32-209-016-0000

The parties of record before the Property Tax Appeal Board are Christopher McCarthy, the appellant, by attorney Noah J. Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,179
IMPR.: \$49,752
TOTAL: \$56,931

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,056 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has a 6,110 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. The appellant also checked "Contention of Law" on the appeal petition, however, in a brief, the appellant's counsel only argued that the subject property's improvement was inequitably assessed. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification

code as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,900 to 3,268 square feet of living area. The dwellings are from 40 to 50 years old. According to the property characteristic printouts provided by the appellant, the comparables each have a full or partial basement, two of which have finished area. Four comparables have central air conditioning and four comparables each have a fireplace. Each comparable has a two-car garage. The comparables have improvement assessments that range from \$29,792 to \$36,201 or from \$9.12 to \$11.29 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,279 or \$10.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,931. The subject property has an improvement assessment of \$49,752 or \$16.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located on the same street and within the same block as the subject property. The comparables each have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,733 to 3,172 square feet of living area. The dwellings are each 1 year old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$59,778 to \$64,204 or from \$19.56 to \$23.38 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given reduced weight to the appellant's comparables due to their considerably older dwelling ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the four comparables submitted by the board of review, which are located on the same street and within the same block as the subject and are overall most similar to the subject in age, dwelling size, design and some features. The comparables have improvement assessments that range from \$59,778 to \$64,204

or from \$19.56 to \$23.38 per square foot of living area. The subject's improvement assessment of \$49,752 or \$16.28 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
