

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dean Kalla
DOCKET NO.: 20-39766.001-R-1
PARCEL NO.: 14-32-411-061-0000

The parties of record before the Property Tax Appeal Board are Dean Kalla, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,632
IMPR.: \$31,531
TOTAL: \$48,163

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 1,914 square feet of building area. The building is approximately 130 years old. Features of the building include a full basement with finished area. The property has a 1,512 square foot site located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family buildings of frame exterior construction that range in size from 1,764 to 3,472 square feet of building area and range in age from 130 to 148 years old. The comparables each have a full basement, three of which are finished with apartments. Each

comparable has central air conditioning. The comparables have improvement assessments ranging from \$25,798 to \$47,409 or from \$13.65 to \$14.62 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,064 or \$14.14 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,163. The subject property has an improvement assessment of \$31,531 or \$16.47 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property as well as being located within the same block and along the same street as the subject. The comparables are improved with two-story class 2-11 multi-family buildings of frame exterior construction that range in size from 1,616 to 1,804 square feet of building area and range in age from 130 to 140 years old. The comparables each have a full basement, one of which has finished area. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$27,569 to \$36,861 or from \$16.21 to \$20.48 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as board of review comparable #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparables #1 and #2 which are more similar to the subject in age, dwelling size and some features. However, two comparables lack finished basements, a feature of the subject, suggesting upward adjustments for this difference are necessary to make them more equivalent to the subject. In addition, each comparable has central air conditioning, which the subject lacks, suggesting downward adjustments are necessary for this difference to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$25,798 to \$36,861 or from \$14.62 to \$20.48 per square foot of building area. The subject property's improvement assessment of \$31,531 or \$16.47 per square foot of building area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
