

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hilario Estrada
DOCKET NO.: 20-39801.001-R-1
PARCEL NO.: 19-19-115-041-0000

The parties of record before the Property Tax Appeal Board are Hilario Estrada, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,280
IMPR.: \$27,979
TOTAL: \$32,259

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,352 square feet of living area. The dwelling is approximately 12 years old. Features of the home include an unfinished basement, central air conditioning, and a 2-car garage. The property has a 4,280 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry exterior construction that range in size from 2,332 to 3,784 square feet of living area. The homes are from 25 to 55 years old.

Each comparable has an unfinished full basement, central air conditioning, and a 2-car garage. Two comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$24,064 to \$38,214 or from \$9.66 to \$10.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$23,779 or \$10.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,259. The subject property has an improvement assessment of \$27,979 or \$11.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property, as well as being located on the same block and street as the subject. Each comparable is improved with a 2-story, class 2-78 dwelling of masonry exterior construction with 2,352 square feet of living area. Each home is 12 years old. Each comparable has a basement with finished area, central air conditioning, and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,201 to \$30,791 or from \$12.42 to \$13.09 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block and street as the subject. These comparables are identical to the subject in age, dwelling size, and most features, except each comparable has a finished basement, unlike the subject's unfinished basement. Nevertheless, these comparables have improvement assessments ranging from \$29,201 to \$30,791 or from \$12.42 to \$13.09 per square foot of living area. The subject's improvement assessment of \$27,979 or \$11.90 per square foot of living area falls below the range established by the best comparables in the record. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and dwelling size than the board of review comparables. Based on this record and after considering adjustments to the best comparables for differences, such as basement finish, when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
