

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cristino Murillo
DOCKET NO.: 20-39803.001-R-1
PARCEL NO.: 19-15-107-014-0000

The parties of record before the Property Tax Appeal Board are Cristino Murillo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,780
IMPR.: \$12,367
TOTAL: \$16,147

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,151 square feet of living area. The dwelling is approximately 75 years old. Features of the home include an unfinished basement and a 2-car garage. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-05 dwellings of masonry exterior construction ranging in size from 1,580 to 2,073 square feet of living area. The homes range in age from 63 to 80 years old. The comparables each have an unfinished basement, central air conditioning, and a 2-car garage. The comparables

have improvement assessments ranging from \$12,615 to \$17,148 or from \$7.98 to \$8.73 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$9,542 or \$8.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,147. The subject property has an improvement assessment of \$12,367 or \$10.74 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject. Additionally, each comparable is located within the same block and along the same street as the subject property. The comparables are improved with 2-story class 2-05 dwellings of masonry exterior construction with 1,082 square feet of living area. The homes are 75 years old. Each comparable has a basement with one having finished area and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$11,339 to \$12,894 or from \$10.48 to \$11.92 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject. The Board also gives less weight to board of review comparable #2 which has basement finish, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are more similar to the subject in age, dwelling size and features, as well as being located within the same block and along the same street as the subject. The comparables have improvement assessments of \$12,894 and \$11,339 or of \$11.92 and \$10.48 per square foot of living area, respectively. The subject's improvement assessment of \$12,367 or \$10.74 per square foot of living area is bracketed by the improvement assessments of the two best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
