

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Felix Leal
DOCKET NO.: 20-39807.001-R-1
PARCEL NO.: 19-18-212-045-0000

The parties of record before the Property Tax Appeal Board are Felix Leal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,360
IMPR.: \$23,848
TOTAL: \$29,208

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,185 square feet of living area. The dwelling is approximately 32 years old. Features of the home include an unfinished basement, one fireplace, and a two-car garage. The property has a 5,360 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry exterior construction ranging in size from 2,013 to 3,360 square feet of living area. The homes range in age from 28 to 62 years old. Each

comparable has an unfinished basement, central air conditioning, and a two-car garage. The comparables have improvement assessments ranging from \$18,602 to \$32,470 or from \$9.24 to \$9.66 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,626 or \$9.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,208. The subject property has an improvement assessment of \$23,848 or \$10.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry exterior construction ranging in size from 2,636 to 2,953 square feet of living area. The homes range in age from 4 to 15 years old. Each comparable has a basement with one having finished area, central air conditioning, and a two-car or a three-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$30,998 to \$36,386 or from \$11.76 to \$13.75 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 as well as board of review comparables which differ from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 which are more similar to the subject property in dwelling size and features. However, each comparable is an older home than the subject and lacks a fireplace which is a feature of the subject suggesting upward adjustments for these difference would be required to make them more equivalent to the subject. These comparables have improvement assessments ranging from 18,602 to \$20,708 or from \$9.24 to \$9.61 per square foot of living area. The subject's improvement assessment of \$23,848 or \$10.91 per square foot of living area falls above the range established by the best comparables in this record. However, the subject's higher assessment is logical considering its newer age and fireplace when compared to the best comparables. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
