

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann R. Clark  
DOCKET NO.: 20-39989.001-R-1  
PARCEL NO.: 04-34-114-007-0000

The parties of record before the Property Tax Appeal Board are Ann R. Clark, the appellant, by attorney Paula Raila, of Raila & Associates, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,485  
**IMPR.:** \$79,498  
**TOTAL:** \$93,983

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,667 square feet of living area. The dwelling is approximately 19 years old. Features include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 12,071 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assigned neighborhood code as the subject along with applicable property characteristic sheets for the subject and comparables. The comparables consist of class 2-78 two-story dwellings of frame and masonry exterior construction that range

in age from 20 to 39 years old. The dwellings range in size from 3,272 to 3,351 square feet of living area. Each comparable has a full basement, central air conditioning, a fireplace and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$41,928 to \$56,502 or from \$12.70 to \$16.38 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$53,318 or \$14.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,983. The subject property has an improvement assessment of \$79,498 or \$21.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject and either on the same block or within ¼ of a mile from the subject. Each comparable is on the same street as the subject. The comparables consist of class 2-78 two story dwellings of frame and masonry exterior construction that are each 19 years old. The dwellings range in size from 3,498 to 3,728 square feet of living area. Each comparable has a full basement, central air conditioning, a fireplace and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$76,045 to \$82,770 or from \$21.71 to \$22.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables which are each more than 300 square feet smaller than the subject dwelling in living area square footage.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in design, dwelling size and most features with each being on the same street as the subject and being identical in age to the subject. These comparables have improvement assessments ranging from \$76,045 to \$82,770 or from \$21.71 to \$22.23 per square foot of living area. The subject's improvement assessment of \$79,498 or \$21.68 per square foot of living area falls within the range established by the best comparables in this record in terms of overall assessment and is slightly below the range on a per-square-foot basis. Furthermore, the Board finds board of review comparable #4 is identical to the subject in the reported characteristics and has a higher improvement assessment of \$81,524 or \$22.23 per square foot of living area. Therefore, based on this record and after considering adjustments to

the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
