Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2020. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a one-story industrial building of masonry construction with 16,900 square feet of building area. The building is 37 years old. The property's site is 42,900 square

feet, and it is located in South Chicago Township, Cook County. The subject is classified as a class 5-93 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$675,000 as of January 1, 2018. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$168,750.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$175,338. The subject's assessment reflects a market value of \$1,753,380 when applying the 2020 statutory level of assessment for class 5 property of 25.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on five sale comparables from the CoStar Comps service. These sale comparables sold from October 2018 to October 2019 for \$3,400,000 to \$51,800,000, or \$61.11 to \$312.01 per square foot of building area, including land.

In rebuttal, the appellant reaffirmed the evidence previously submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$675,000 as of the assessment date at issue. Therefore, based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted. Since market value has been established, the 2020 statutory level of assessment for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 25.00% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
