

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Perona  
DOCKET NO.: 20-40269.001-R-1  
PARCEL NO.: 18-07-410-040-0000

The parties of record before the Property Tax Appeal Board are Thomas Perona, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,289  
**IMPR.:** \$57,893  
**TOTAL:** \$68,182

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,189 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 2-car garage. The property has a 13,277 square foot site and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, Class 2-78 homes of masonry or frame and masonry exterior construction ranging in size from 3,178 to 3,595 square feet of living area. The

dwellings range in age from 36 to 59 years old. Each home has a basement with finished area, central air conditioning, one or two fireplaces, and a 2-car, a 2.5-car, or a 3-car garage. The comparables have improvement assessments ranging from \$48,269 to \$63,811 or from \$13.81 to \$17.94 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,182. The subject property has an improvement assessment of \$57,893 or \$18.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, Class 2-78 homes of frame and masonry exterior construction ranging in size from 2,781 to 3,158 square feet of living area. The dwellings range in age from 53 to 59 years old. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$54,082 to \$66,959 or from \$18.95 to \$21.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration, which are relatively similar to the subject in dwelling size, location, and some features. The comparables have improvement assessments ranging from \$48,269 to \$66,959 or from \$13.81 to \$21.20 per square foot of living area. The subject's improvement assessment of \$57,893 or \$18.15 per square foot of living area falls within the range established by the comparables in this record. Based on this record, and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
