

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Patrick Thielen
DOCKET NO.: 20-40278.001-R-1
PARCEL NO.: 18-04-312-023-0000

The parties of record before the Property Tax Appeal Board are Patrick Thielen, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,370 **IMPR.:** \$54,469 **TOTAL:** \$62,839

Subject only to the State multiplier as applicable.

#### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## **Findings of Fact**

The subject property consists of a two-story single-family dwelling of frame exterior construction with 2,228 square feet of living area. The dwelling is approximately 116 years old. Features of the home include a full basement with a recreation room, a full unfinished attic and a detached two-car garage. The property has a 9,300 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject and within .26 of a mile from the subject. The comparables consist of class 2-06 two-story single-family dwellings of stucco or frame exterior construction ranging in age from 107 to 122 years old. The homes

range in size from 2,226 to 2,435 square feet of living area. Each dwelling has a full basement, one of which has a recreation room, and each dwelling has an attic, three of which have living area. The comparables each have central air conditioning and from a one-car to a three-car detached garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$35,847 to \$50,126 or from \$16.10 to \$20.89 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$43,134 or \$19.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,839. The subject property has an improvement assessment of \$54,469 or \$24.45 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject and within .26 of a mile from the subject. The comparables consist of class 2-06 two-story dwellings of frame exterior construction ranging in age from 120 to 132 years old. The homes range in size from 2,217 to 2,331 square feet of living area. Each dwelling has a full unfinished basement. Two comparables each have central air conditioning and three comparables each have a fireplace. The dwellings have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$54,605 to \$60,827 or from \$24.54 to \$27.09 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board with varying degrees of similarity to the subject property. These comparables necessitate various adjustments to account for the lack of finished basement area which is a feature of the subject, finished attic area which is not a feature of the subject and other varying characteristics. The Board finds the nine comparables present improvement assessments ranging from \$35,847 to \$60,827 or from \$16.10 to \$27.09 per square foot of living area. The subject's improvement assessment of \$54,469 or \$24.45 per square foot of living area falls within the range established by the comparables in this record both in terms of overall assessment and on a per-square-foot basis. Based on this record and after considering appropriate adjustments for differences when compared to the subject, the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
