

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph DeMaria  
DOCKET NO.: 20-40315.001-R-1  
PARCEL NO.: 07-25-304-005-0000

The parties of record before the Property Tax Appeal Board are Joseph DeMaria, the appellant(s), by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,803  
**IMPR.:** \$19,225  
**TOTAL:** \$27,028

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 43-year-old, one-story, building of frame construction containing 1,248 square feet of gross building area. Features of the subject include a full finished basement and a two-car garage. The property is situated on 10,404 square feet of land in Schaumburg Township, Cook County. The subject is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal.<sup>1</sup> In support of this argument, the appellant submitted information on five suggested comparable properties. This information included sales market analyses by citing market value per square foot of living area.

---

<sup>1</sup> The appellant checked "Assessment equity" as the basis of appeal on the Petition.

The appellant did not calculate improvement assessment per square foot but included assessed valuation data for land, building, and total assessments.<sup>2</sup>

The board of review submitted its Board of Review Notes on Appeal disclosing the total assessment for the subject of \$27,028. The subject property had an improvement assessment of \$19,225, or \$15.40 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question and recommended not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) \$4, and the board of review's comparable(s) #1 through #4. Each of these comparable properties contained 1,248 square feet of living area, were of about the same age, and were in proximity to the subject property. These comparable properties were most similar with the subject and had improvement assessments that ranged from \$13.06 to \$16.87 per square foot of living area. The subject's improvement assessment of \$15.40 per square foot of gross building area falls within the range established by the best comparable properties in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

---

<sup>2</sup> The Board calculated the improvement assessment per square foot for each of the appellant's suggested comparable properties, in accord with his stated basis of appeal.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
