

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank & Enza Parrella
DOCKET NO.: 20-40465.001-R-1
PARCEL NO.: 18-31-106-001-0000

The parties of record before the Property Tax Appeal Board are Frank & Enza Parrella, the appellant(s), by attorney Jennifer Kanik, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,576
IMPR.: \$ 58,786
TOTAL: \$ 68,362

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2020. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a two-story single-family dwelling of masonry construction. The dwelling is 35 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property's site is 13,209 square feet, and it is located in Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that the Cook County Assessor's records are incorrect regarding the subject's improvement size, which the appellant argued is 3,675 square feet of living area. The appellant stated in the brief that evidence was attached to support this assertion, but a review of the record did not disclose any such evidence.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables. In Section II of the appeal form, the appellant stated that the subject is owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$59,754.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$68,362. The subject property has an improvement assessment of \$58,786.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and one sale comparable. The board of review's evidence states that the subject's improvement size is 4,199 square feet of living area. No evidence was submitted in support of this assertion.

Conclusion of Law

Initially, the Board finds that the appellant has waived the argument regarding the subject's improvement size, as the appellant submitted no evidence in support of this assertion. Therefore, the Board finds that the subject's improvement size is 4,199 square feet of living area, and that its improvement assessment is \$14.00 per square foot of living area.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and that a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's equity comparables #1, #2, #3, and #6, and all of the board of review's equity comparables. These equity comparables had improvement assessments ranging from \$12.08 to \$18.79 per square foot of living area. The subject's improvement assessment of \$14.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, with clear and convincing evidence, that the subject is inequitably assessed, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
