

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Virginia Ferguson
DOCKET NO.: 20-41566.001-R-1
PARCEL NO.: 13-24-120-005-0000

The parties of record before the Property Tax Appeal Board are Virginia Ferguson, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,900
IMPR.: \$22,632
TOTAL: \$32,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 4,500 square foot parcel of land improved with a 110-year-old, 2-story, frame, multi-family dwelling, containing 2,172 square feet of living area. The property is located in Chicago, Jefferson Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of its argument, appellant submitted information on three suggested equity comparables. They were each improved with a multi-family dwelling of frame construction. They ranged in size between 2,024 and 2,184 square feet of living area and in improvement assessment between \$9.89 and \$9.99 per square foot of living area. Appellant also submitted a copy of the board of review's written decision providing for an assessed value for the subject property of \$32,532. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$31,381.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$40,525, with an improvement assessment of \$30,625, or \$14.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted three comparable properties. Each of the comparable properties were improved with a 2-story, multi-family dwelling of frame construction. They ranged between 1,988 and 2,349 square feet of living area and in assessment between \$15.17 and \$20.45 per square foot of living area.

Conclusion of Law

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds appellant *has not* met this burden of proof and a reduction in the subject's assessment *is not* warranted.

As a preliminary matter, the Board finds the subject property's current assessment is reflected in the copy of the board of review's written decision submitted by appellant, providing for an assessed value for the subject property of \$32,532. The subject property's current improvement assessment is \$22,632, or \$10.42 per square foot of living area. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the board of review's comparables #1, #2, and #3. These comparables were most similar to the subject property in living area square footage, construction, and/or closest to it in proximity. The best comparables had improvement assessments that ranged from \$9.99 to \$20.45 per square foot of living area. The subject's improvement assessment of \$10.42 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
