

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Marble
DOCKET NO.: 20-41715.001-R-1
PARCEL NO.: 28-34-405-023-0000

The parties of record before the Property Tax Appeal Board are James Marble, the appellant, by attorney Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,582
IMPR.: \$7,981
TOTAL: \$12,563

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame exterior construction with 1,177 square feet of living area. The dwelling is 41 years old. Features of the home include a finished partial basement, central air conditioning and a 2.5-car garage. The property has a 12,220 square foot site and is located in Country Club Hills, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with multi-level dwellings of frame exterior construction ranging in size from 1,222 to 1,395 square feet of living area. The dwellings range in age from 48 to 51 years old. The comparables have finished partial basements, and a 1-car or a 2-car garage. Two

comparables have central air conditioning. The comparables have improvement assessments ranging from \$7,479 to \$8,581 or from \$6.03 to \$6.44 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$7,097.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,563. The subject property has an improvement assessment of \$7,981 or \$6.78 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code and on the same block as the subject. The comparables are improved with multi-level dwellings of frame exterior construction with 1,152 or 1,176 square feet of living area. The dwellings range in age from 40 to 42 years old. The comparables have finished partial basements, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$9,135 to \$9,788 or from \$7.93 to \$8.50 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments that ranged from \$9,135 to \$9,788 or from \$7.93 to \$8.50 per square foot of living area. The subject's improvement assessment of \$7,981 or \$6.78 per square foot of living area falls below the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables, due to their older dwellings or their differences in features when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
