

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Juan Vergara
DOCKET NO.: 20-41719.001-R-1
PARCEL NO.: 15-28-430-004-0000

The parties of record before the Property Tax Appeal Board are Juan Vergara, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,990
IMPR.: \$23,500
TOTAL: \$27,490

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 1,680 square feet of living area. The dwelling is approximately 71 years old. Features of the home include an unfinished basement, one bathroom, central air conditioning, one fireplace and a 1-car garage. The property has an approximately 6,650 square foot site and is located in La Grange Park, Proviso Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame and masonry exterior construction ranging in size from 1,690 to 1,783 square feet of living area. The homes range in age from 66 to 70 years

old. Each comparable has a basement with one having finished area. Each dwelling has two full bathrooms, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$20,819 to \$23,508 or from \$11.75 to \$13.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,740 or \$11.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,585. The subject property has an improvement assessment of \$24,595 or \$14.64 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-05 dwellings of frame and masonry exterior construction ranging in size from 1,306 to 1,484 square feet of living area. The homes range in age from 68 to 73 years old. Each comparable has a basement with two having finished area. Each comparable has one full bathroom and two comparables each have one half bathroom. Two dwellings have central air conditioning, two homes each have one fireplace and two properties have either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$22,304 to \$27,649 or from \$16.00 to \$20.55 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 along with board of review comparables #1 and #3 which feature finished basement area in contrast to the subject's unfinished basement. Furthermore, board of review comparables #1 and #3 are less similar to the subject in dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #2 and #3 and board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and other features. Although each of these properties has a superior bathroom count and larger garage size when compared to the subject, suggesting downward adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$23,006 to \$27,649 or from \$12.90 to \$18.63 per square foot of living area. The subject's improvement assessment of \$24,595 or \$14.64 per square foot of living area falls within the range established by the best comparables in this record. However, given the subject's inferior bathroom count and 1-car garage when compared to the best comparables in the record, the subject's assessment appears to be excessive.

Therefore, after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
