

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Pertle
DOCKET NO.: 20-41860.001-R-1
PARCEL NO.: 28-30-412-040-0000

The parties of record before the Property Tax Appeal Board are Gregory Pertle, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,240
IMPR.: \$11,218
TOTAL: \$14,458

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 931 square feet of living area. The dwelling is 67 years old. Features of the home include a slab foundation and central air conditioning. The property has an 8,100 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story, class 2-02 dwellings of frame or brick and frame exterior construction that range in size from 804 to 936 square feet of living area. The homes are from 75 to 90 years old. Each comparable has a full basement and either a one, one and one-half or two-car garage. The comparables have the same assessment neighborhood code as the subject and

are located from 0.57 to 0.92 of a mile from the subject property. The comparables have improvement assessments that range from \$2,690 to \$7,188 or from \$3.35 to \$7.93 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$5,719.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,458. The subject property has an improvement assessment of \$11,218 or \$12.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story, class 2-02 dwellings of frame or brick exterior construction that range in size from 795 to 939 square feet of living area. The homes are from 62 to 67 years old. Each comparable has a full or crawl space foundation and a one or two-car garage. One property has central air conditioning and a fireplace. The comparables have the same assessment neighborhood code as the subject and are located either on the same block or within one-fourth of a mile from the subject property. The comparables have improvement assessments that range from \$12,313 to \$14,776 or from \$13.15 to \$18.59 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1, #2, and #4 due to differences from the subject dwelling in terms of age. The Board gives less weight to the board of review's comparables #3 and #4 based on differences from the subject dwelling in size. The Board finds the best evidence of assessment equity to be the remaining comparables in the record. These comparables are relatively similar to the subject dwelling in terms of size, age, location, although adjustments to some of the comparables, to account for differences in some features, would be needed to make them more equivalent to the subject. These comparables are from 62 to 75 years old, range in size from 936 to 939 square feet of living area and have improvement assessments that range from \$7,188 to \$12,474 or from \$7.68 to \$13.28 per square foot of living area. The subject's improvement assessment of \$11,218 or \$12.05 per square foot of living area falls within the range established by the best comparables in the record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
