

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: ABC Turnkey Properties
DOCKET NO.: 20-42566.001-R-1
PARCEL NO.: 31-03-316-022-0000

The parties of record before the Property Tax Appeal Board are ABC Turnkey Properties, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,543
IMPR.: \$4,260
TOTAL: \$7,803

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,118 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a slab foundation and a 1.5-car garage. The property has a 10,125 square foot site and is located in Country Club Hills, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .7 of a mile from the subject and have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of frame exterior construction that are 62 years old and have either 1,199 or 1,388 square feet of living area. Features of each comparable include a slab foundation and a 2-car garage. The comparables have

improvement assessments ranging from \$2,998 to \$3,512 or from \$2.50 to \$2.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,803. The subject property has an improvement assessment of \$4,260 or \$3.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with same assessment neighborhood code as the subject and located on the same block as the subject or within a ¼ of a mile from the subject. The comparables are class 2-03 properties improved with 1-story dwellings of frame exterior construction that are 60 and 61 years old and range in size from 1,090 to 1,217 square feet of living area. Each comparable has a slab foundation. Two comparables have central air conditioning and three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$4,640 to \$5,202 or from \$4.15 to \$4.77 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #2 which is less similar in dwelling size to the subject than the remaining comparables in the record. The Board gives less weight to board of review comparables #1 and #3 which have central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with board of review comparables #2 and #4 which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$2,998 to \$5,202 or from \$2.50 to \$4.77 per square foot of living area. The subject's improvement assessment of \$4,260 or \$3.81 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
