

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 323 Neola, LLC
DOCKET NO.: 20-42968.001-R-1
PARCEL NO.: 31-36-303-009-0000

The parties of record before the Property Tax Appeal Board are 323 Neola, LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,281
IMPR.: \$1,408
TOTAL: \$3,689

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 953 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a slab foundation, one fireplace and a 1-car garage. The property has a 7,020 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables which have the same assessment neighborhood code as the subject and are located within .2 of a mile from the subject and. The comparables are class 2-02 properties improved with 1-story dwellings of frame and masonry exterior construction that have 974 square feet of living area and are 69 years old. Features of each comparable include a slab foundation and a 1.5-car garage. One comparable has

central air conditioning. The comparables have improvement assessments ranging from \$884 to \$1,114 or from \$.91 to \$1.14 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$3,689. The subject property has an improvement assessment of \$1,408 or \$1.48 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with same assessment neighborhood code as the subject and are located on the same block as the subject or within a ¼ of mile from the subject. The comparables are class 2-02 properties improved with 1-story dwellings of frame, masonry, or frame and masonry exterior construction that are 68 or 69 years old and have either 953 or 974 square feet of living area. Each comparable has a slab foundation and a 2-car garage. One comparables has central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments ranging from \$2,918 to \$5,873 or from \$3.06 to \$6.16 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #2 and board of review comparable #1 which have central air conditioning unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and 3 along with board of review comparables #2, #3 and #4 which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments ranging from \$884 to \$3,305 or from \$.91 to \$3.39 per square foot of living area. The subject's improvement assessment of \$1,408 or \$1.48 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant failed to prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
