

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sajmil Partnership
DOCKET NO.: 20-43324.001-R-1
PARCEL NO.: 28-01-306-009-0000

The parties of record before the Property Tax Appeal Board are Sajmil Partnership, the appellant, by attorney Edwin M. Wittenstein of Worsek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,900
IMPR.: \$100
TOTAL: \$5,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 3,003 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a full unfinished basement and a three-car garage. The property has an approximately 56,144 square foot site and is located in Blue Island, Bremen Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 27, 2020 for a price of \$50,000. The appellant indicated in Section IV—Recent Sale Data of the appeal petition that the subject property was purchased from Angela Rhea, Successor Independent Administrator. To document the sale the appellant provided a copy of the settlement statement

reiterating the sale date and purchase price and further depicted that commissions were paid to two realty agencies. The appellant also provided a copy of the Multiple Listing Service (MLS) printout that revealed the subject property had been advertised for two days. The MLS printout also revealed that “the value is in the land, property is being sold As-Is.”

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,850. The subject's assessment reflects a market value of \$198,500 or \$66.10 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties that are located approximately ¼ of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 4,592 to 5,320 square feet of land area. The comparables are class 2-07 or class 2-78 properties that are improved with 2-story dwellings of frame and masonry exterior construction ranging in size from 1,547 to 2,447 square feet of living area. The dwellings are 12 to 16 years old. One comparable has a concrete slab foundation and three comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning and a two-car garage. Comparable #1 has a fireplace. The comparables sold from March 2017 to July 2020 for prices ranging from \$210,000 to \$245,000 or from \$87.32 to \$135.75 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2020 for a price of \$50,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The evidence disclosed the property was sold using a realtor and the property had been advertised for sale. In further support of the transaction, the appellant submitted a copy of the settlement statement associated with the purchase of the subject property. The Board finds the board of review did not present any substantive evidence to challenge the arm's length nature of the subject's sale transaction. In addition, the assessing officials did not refute the contention that the purchase price was reflective of market value. The Board finds the purchase price of \$50,000 is below the market value of \$198,500 as reflected by the assessment. Furthermore, the Board finds the board of

review's comparables differ from the subject in property class, site size, dwelling size and/or age. Therefore, based on this record, the Board finds the subject property had a market value of \$50,000 as of the assessment date at issue. Since market value has been established the 2020 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
