

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shannon Veres
DOCKET NO.: 20-43681.001-R-1
PARCEL NO.: 28-31-214-061-0000

The parties of record before the Property Tax Appeal Board are Shannon Veres, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,738
IMPR.: \$15,549
TOTAL: \$19,287

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,517 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a 2-car garage. The property has an approximately 7,871 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .29 of a mile from the subject property. The comparables are class 2-34 properties that are improved with multi-level dwellings of frame and masonry exterior

construction ranging in size from 1,498 to 1,792 square feet of living area. The dwellings are 44 to 49 years old. Each comparable has a partial basement with finished area and a 2-car or a 2.5-car garage. Three comparables have central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments that range from \$14,566 to \$16,742 or from \$9.34 to \$10.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,942 or \$9.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,757. The subject property has an improvement assessment of \$18,019 or \$11.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject. The comparables are class 2-34 properties that are improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,128 to 1,344 square feet of living area. The dwellings are 32 to 61 years old. Each comparable has a partial basement with finished area and a 1-car or a 2-car garage. Comparable #3 has a fireplace. The comparables have improvement assessments that range from \$13,746 to \$16,980 or from \$12.05 to \$13.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #1, as well as the four comparables submitted by the board of review which differ from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4, which are similar to the subject in location, dwelling size, design, age and some features. These best comparables have improvement assessments that range from \$14,566 to \$15,643 or from \$9.72 to \$10.31 per square foot of living area. The subject's improvement assessment of \$18,019 or \$11.88 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
