

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tatiana McGee
DOCKET NO.: 20-43685.001-R-1
PARCEL NO.: 29-12-314-045-0000

The parties of record before the Property Tax Appeal Board are Tatiana McGee, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,770
IMPR.: \$9,203
TOTAL: \$10,973

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,340 square feet of living area. The dwelling is approximately 49 years old. Features of the home include a full unfinished basement, central air conditioning and a 1-car garage. The property has an approximately 4,720 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,125 to 1,340 square feet of living area. The dwellings are 46

to 54 years old. The comparables each have a full basement, one of which has finished area. Three comparables have central air conditioning and four comparables each have a 2-car garage. The comparables have improvement assessments that range from \$6,018 to \$6,942 or from \$4.63 to \$5.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$6,713 or \$5.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,973. The subject property has an improvement assessment of \$9,203 or \$6.87 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction containing 1,286 or 1,340 square feet of living area. The dwellings are 46 or 49 years old. The comparables each have a full unfinished basement, one comparable has central air conditioning and each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$9,318 to \$9,442 or from \$6.99 to \$7.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #5, as well as board of review comparables #1, #2 and #3 due to their lack of central air conditioning and/or a garage, both features of the subject. The Board has also given less weight to the appellant's comparable #2 as it has finished basement area, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, along with board of review comparable #4, which are similar, if not identical to the subject in dwelling size and similar to the subject in location, design, age and many features. The comparables have improvement assessments ranging from \$6,027 to \$9,442 or from \$4.64 to \$7.05 per square foot of living area. The subject's improvement assessment of \$9,203 or \$6.87 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
