

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Iram Shahzadi
DOCKET NO.: 20-43889.001-C-1
PARCEL NO.: 10-14-313-018-0000

The parties of record before the Property Tax Appeal Board are Iram Shahzadi, the appellant(s), by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$102,750
IMPR.: \$37,250
TOTAL: \$140,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story commercial building of masonry construction that is being utilized as an auto repair/carwash with 4,306 square feet of building area. The building was constructed in 2020. The property has a 17,125 square foot site located in Skokie, Skokie Township, Cook County. The property is a class 5-22 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$560,000, or \$130.05 per square foot of building area, including land, as of January 1, 2020. The property was inspected on October 28, 2020, and appraiser's opinion is based on the application of the sales comparison approach. The appraiser analyzed five different comparable sales properties that sold either in 2019 or 2020. Adjustments were made to the comparable sales properties for the differences of those properties when compared to the subject property. The sales comparison

approach concluded that the subject property had a market value of \$560,000. The appellant requested a reduction in the subject's assessment to a total of \$140,000, when utilizing the 25% level of assessment as determined by the Cook County Real Property Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,858. The subject's assessment reflects a market value of \$667,432 or \$155.00 per square foot of building area, including land, when applying the 25% level of assessment for class 5 properties under the Cook County Real Property Assessment Classification Ordinance. The record reflects that there is no board of review evidence in support of their contention of the correct assessment.

In rebuttal, the appellant submitted a letter asserting that the that the appellant has met the burden of proof. Additionally, appellant noted that the board of review failed to submit evidence in support of its contention of a correct assessment.

The matter was set for a hearing before an ALJ on September 16, 2024. Before the scheduled hearing the parties entered into a written agreement to waive the hearing and have the matter decided on the evidence that had been submitted.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appraisal was prepared by an MAI designated appraiser and included adjustments based on his experience and expertise. The record is absent of board of review supporting evidence of their contention of the correct assessment. The subject's assessment reflects a market value of \$667,432 or \$155.00 per square foot of building area, including land, which is above the appraised value. The Board finds the subject property had a market value of \$560,000 as of the assessment date at issue. Since market value has been established, the 25% level of assessment as determined by the Cook County Real Property Classification Ordinance shall apply. 86 Ill.Admin.Code §1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
