

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carey Wade  
DOCKET NO.: 20-45288.001-R-1  
PARCEL NO.: 31-28-407-012-0000

The parties of record before the Property Tax Appeal Board are Carey Wade, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,796  
**IMPR.:** \$14,278  
**TOTAL:** \$20,074

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,305 square feet of living area.<sup>1</sup> The dwelling is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has an 11,040 square foot site and is located in Richton Park, Rich Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior

<sup>1</sup> Although the appellant reported 1,059 square feet of living area on the grid analysis, the Board finds the appellant reported 3,305 in section III of the appeal which matches the living square footage reported by the board of review.

construction each containing 1,059 square feet of living area. The dwellings are either 22 or 24 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$9,082 to \$13,705 or from \$2.96 to \$3.73 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,369 or \$3.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,074. The subject property has an improvement assessment of \$14,278 or \$4.32 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. Comparables #1, #3 and #4 are the same properties as the appellant's comparables #4, #1 and #2, respectively.<sup>2</sup> The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,954 to 3,705 square feet of living area. The dwellings are 22 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$10,528 to \$15,697 or from \$3.24 to \$5.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested equity comparables for the Board's consideration, with three comparables being common to both parties. The Board gave less weight to the appellant's comparables #3, #4 and #5 as well as board of review comparable #1, which includes one common comparable, due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparables #2, #3 and #4, which includes two common comparables. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age, and some features. These most similar comparables have improvement assessments ranging from \$10,528 to \$15,697 or from \$3.24 to \$5.31 per square foot of living area.

---

<sup>2</sup> The appellant previously reported these comparables each contain 1,059 square feet of living area. The board of review reported these comparables to have 3,247 and 3,705 square feet of living area, which was not refuted by the appellant.

The subject's improvement assessment of \$14,278 or \$4.32 per square foot of living area, falls within the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
