APPELLANT: CTLTC 008002365118
DOCKET NO.: 20-45640.001-R-1 through 20-45640.005-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are CTLTC 008002365118, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
20-45640.001-R-1	17-10-109-023-1064	1,559	6,987	\$ 8,546
20-45640.002-R-1	17-10-109-023-1065	1,559	6,987	\$ 8,546
20-45640.003-R-1	17-10-109-023-1078	1,559	6,987	\$ 8,546
20-45640.004-R-1	17-10-109-023-1079	1,559	6,987	\$ 8,546
20-45640.005-R-1	17-10-109-023-1080	1,559	6,987	\$ 8,546

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2020. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of five deeded parking spaces with a 4.8075% total ownership interest in the common elements. The property is located in North Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a condominium analysis showing that two parking units in the subject's building, or 1.9230% of ownership in the common elements, sold between February 2020 and May 2020 for an aggregate price of \$80,000. The appellant also submitted a sale listing for a

parking space within the subject's building, with a listing price of \$20,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$23,330.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$42,730. The subject's assessment reflects a market value of \$427,300 when applying the 2020 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis showing that five units in the subject's building, or 4.8075% of ownership in the common elements, sold between September 2017 and October 2019 for an aggregate price of \$7,307,000. The aggregate sale price was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$151,991,686.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

"Real property taxes . . . which are authorized by law to be assessed against and levied upon real property shall be assessed against and levied upon each unit and the owner's corresponding percentage of ownership in the common elements as a tract, and not upon the property as a whole." 765 ILCS 605/10(a).

The Board finds the best evidence of market value to be the appellant's sale comparables with the PINs ending in -1081 and -1083, and the board of review's sale comparables with the PINs ending in -1001 and -1075. In taking the aggregate sales price of the most similar sales (\$2,789,000) and dividing by the total percentage of ownership in the common elements of the units sold (3.846%), the Board finds that the subject's building has a market value of \$72,516,898. Multiplying this market value by the subject's percentage of ownership in the common elements of 4.8075% results in a market value for the subject of \$3,486,250. The subject's current assessment reflects a market value below the market value established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
