

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grzegorz Slomba  
DOCKET NO.: 20-47065.001-R-1  
PARCEL NO.: 04-33-209-012-0000

The parties of record before the Property Tax Appeal Board are Grzegorz Slomba, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,003  
**IMPR.:** \$24,758  
**TOTAL:** \$32,761

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level single-family dwelling of frame and masonry construction with 1,241 square feet of living area. The dwelling is approximately 62 years of age. Features of the home include a partial finished basement with a formal recreation room, central air conditioning, and a two-car garage. The property has a 10,671 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with varying degrees of similarity to the subject. The comparables had the same neighborhood code as the subject. The comparables have improvement assessments ranging from \$16.53 to \$17.40 per square foot of

living area. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$28,517.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,761. The subject property has an improvement assessment of \$24,758 or \$19.95 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within a ¼ mile radius of the subject with one comparable located within a block of the subject.

Prior to a scheduled March 18, 2024, hearing before a PTAB Administrative Law Judge the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question and recommended not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparable properties to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted assessment data on a total of eight equity comparables. The Board finds that all of the suggested comparables were similar to the subject in size, age, basement and construction. The Board finds the best evidence of assessment equity to be all the submitted comparables. These comparable had improvement assessments that ranged from \$16.53 to \$20.98 per square foot of living area. The subject's improvement assessment of \$19.95 per square foot of living area falls within the range established by the best comparable properties in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
